Profile

I am a dedicated and proficient professional. I have spent the last 10 years as the Head Engineer and Studio Manager of a multi million dollar recording studio in Nashville Tennessee. I also have been playing the drums for over 23 years.

Work Experience

Head Engineer and Studio Manager, The Smoakstack – 2010 to 2019

- Collaborated with producers to create the best sounds for artist's recordings
- Recorded artists and musicians daily using Pro Tools and analog tape
- Played drums for artists and writers
- Mixed and Mastered Records recordings
- Maintained and repaired recording gear and musical equipment
- Maintained all computer based software for recording and file management
- Managed multiple interns (interviewing, scheduling, training, supervision)
- Managed many musicians at a time during recording sessions
- Created a positive and comfortable work environment that encouraged creativity and productivity

Apple Specialist, Apple inc. – 2008-2009

- Educated clients on which Apple products would best suit their needs
- Trained clients on how to use their apple devices
- Provided excellent customer service to clients

Education

- SAE Institute of Technology – Audio Engineering, 2010
- College of Charleston - Arts Management, 2006
- Charleston County School of the Arts - Theater major, 2002
